ZOOMAX MEDICAL LLP

ZOOMAX®

2K HD CAMERA FOR LOUPES

- **Easy Documentation**
  Simplifies live documentation during procedures, ensuring clear, instant visual sharing.
- **Patient Confidence**
  Builds patient trust and positions your practice as a cutting-edge, tech-forward authority in dental care.
- **Teaching Tool**
  Serves as a dynamic teaching aid, allowing real-time demonstrations to colleagues and students, enhancing learning experiences.
- **Real-time broadcast via WiFi zoomax wireless transmission projects directly to the smart Tv or Projector , turning explanations of what you are doing into live demonstrations for colleagues and students.**
- **ZOOMAX HD Camera software Our software enables video/Image, including taking quality screen captures, and automatic software updates.**
- **Focus set at your unique working distance We designed ZOOMAX HD Camera with manual focus that, once set at your unique working distance, remains in focus because ergonomics matter.**
